

Operation: Valentine (Random Romance)

From the author of the bestselling *The Girl in Steel-Capped Boots* and *One Little White Lie*, comes a laugh-out-loud romantic comedy about dating in the modern world. Once upon a time, there was a young girl called Sarah Dubert who needed to fall in love in six weeks . . . Thanks to food poisoning, broken dates, airport malfunctions and even death, Sarah Dubert has never had a boyfriend on Valentines Day. However this year shes determined to break the curse and snare herself a man before Big V. Signing herself up to the online dating site soulmates.com, she begins eliminating possible candidates through dates at her favourite bar, The Blue Saloon . . . Owen Black, the handsome new owner of The Blue Saloon, likes his women fast, experienced and temporary. A woman on a mission to find love - particularly one with a six-week deadline - would normally have him running for the hills. So why is he so uncharacteristically interested in Sarahs search? And, more importantly, the success of her dates.?
