

## The Werewolves Embrace: (Paranormal Werewolf BBW ShapeShifter Romance) (New Adult Short Stories)

Amarog: Where the FU\*\* does Nova get off thinking shes such hot stuff? Okay fine! She is one smoking she wolf, Ill give her that much, but how can her female tribe help us fight off a ward of bear shifters? They are wasting our time and that is one thing we cant afford to lose right now. So what if she fights as well as some of us? So what if shes as stubborn as a man, as confident and as brave? Shes a female at the end of the day and good for one thing. The sooner she gets that the better! Nova:

If Amarog thinks he can wrap me around his little finger like all his other girls, hes got another thing coming!! Were here to swap services, not make fishy lips even if I find it difficult to keep my clothes on around him. We have something he needs and even though hell never admit it, he will be defeated by the bear pack without our help! Well help them save the island and then my tribe can negotiate our end of the bargain. I just need to stay focused on the end goal. Its pure business. Wellmaybe some room for pleasure \*\*\* Download for FREE with Kindle Unlimited \*\*\*
