

An Introduction to the Pentateuch (Cambridge Bible for Schools and Colleges)

Originally published in 1911, this book presents a comprehensive account of the Pentateuch, or Torah, and the book of Joshua, collectively known as the Hexateuch. The text gives a general account of critical problems concerning the Hexateuch as a whole. It is divided into two main parts: the first part provides a general introduction; the second part, which is much longer, is devoted to textual analysis. Numerous tables, appendices and notes are also included. This is a highly detailed book that will be of value to anyone with an interest in the Hebrew Bible and biblical theory.
