Yoga and Vedanta are highly venerated, since they are regarded as priceless and precious spiritual gift given to the modern world by ancient India's great Yoga adepts and philosophers of a long bygone and hoary era. The contents of the book cover a wide range of the area of knowledge, dealing with more than 115 topics. In its encyclopedic all-comprehensiveness the book is a mini-library in itself. Seekers will find it very handy.
