

Fall Hard

Some memories are better off lost in the mist... Eight months ago, British academic Paul Ansell lost his lover-and all the memories of their time together-in an accident at Icelands Gullfoss Falls. Returning to the misty island country to resume his study of the bloodthirsty Viking Egil Skallagrímsson is tough as he struggles to pull his life back together. First, theres his colleague, Mags, who treats him like glass, and summer student Alex, who peppers him with discomfoting questions. Then theres Icelandic jet-boat driver Viggo, a tattooed, modern-day Viking who wont say much about how they know each other. Leaving Paul to wonder if their volcanic attraction is fuelled by a desire to make a fresh start, or desperation to forget the past. As more fragments of his lost memories fall into place, Paul is unsure if he can trust himself, much less anyone around him. And he begins to suspect his accident was nothing of the kind. Warning: Contains a modern-day Viking whose boat has V8 engines for oars, and a harsh land of hot springs and hotter passions that wont forgive any false steps.
